

Tower Grove Heights

NEIGHBORHOOD ASSOCIATION

Minutes of Tower Grove Heights Neighborhood Association Meeting – April 24, 2018
Convened: 7:20 p.m. Adjourned: 9:00 p.m. 28 attendees

Meeting chaired by TGHNA President, Vicky Dean (president@towergroveheights.com)

- **Opening of meeting and welcome**

- **Newcomer recognition**

- Welcome to newcomers from 3600-3700 Juniata and 3800 Utah!
- Welcome to our new Neighborhood Improvement Specialist, Michelle Boston-David! Michelle is a long-time NIS and has served in various wards around the city. She can be reached at bostonm@stlouis-mo.gov or 314-657-1358.

- **Neighborhood Reports**

- **15th Ward Aldermanic report**

- Alderman Megan Green (megan@meganellyiaqreen.com / 314-591-9587) announced that there are two companies that will provide bike sharing for St. Louis City: LimeBike and Ofo. Neither company requires a docking location so there was no cost to the city. More information at: limebike.com and ofo.com.
 - ✓ A resident commented that other cities are now having problems with dockless bike sharing programs because the bikes are sometimes left on sidewalks, impeding handicap access and neighborhoods are becoming littered with the bikes. She asked if the board had regulations. Megan stated she would take these concerns to the Mayor's Office.
- There will be a charrette on Pedestrian Access to Tower Grove Park on April 25. Traffic planners will be available for questions. There is also information about it on Facebook.
- Because of rain, construction of the traffic tables (humps) on neighborhood streets west of Grand has been delayed.

- **SLMPD 2nd District update**

- Liaison Officer, Ed Slade (edslade@slmpd.org), reports there had been a lot of illegal dumping in the 3600 block of Phillips but it has now been taken care of. This is in the "wedge" area of Tower Grove South, between Giles and Grand, alongside Aldi Supermarket.
- Officers in South Patrol are being trained to fight the effects of heroin.
- In response to a resident's question about whether or not officers are being pulled out of lower-crime neighborhoods areas to go to higher crime areas, he stated the Chief says no, they are not. He said there have been a lot of transfers but nothing that is affecting the beat cop.
- Residents who would like to let SLMPD know they have cameras in the event of a crime in the area that may have captured footage that can be used in an investigation are encouraged to notify Det. Sgt. John Winter at jfwinter@slmpd.org or Det. Sgt. Karen Menendez at kamenendez@slmpd.org. (see attachment)

Speakers

- Michelle Forneris, Project Engineer, Missouri Dept. of Transportation (michele.forneris@modot.mo.gov) / 314-453-1799
 - As part of ongoing construction work to update six bridges in St. Louis City, Modot crews will close Tower Grove under I-44 for a month, starting Tuesday, May 15.

- Crews will close the roadway under the interstate between De Tonty and Lafayette on May 15 to construct the new eastbound I-44 bridge over Tower Grove.
- Detours will be marked. The roadway under the bridge will remain closed until mid-June.
- This work replaces interstate bridges at Kingshighway, Thurman and 39th Street and improves interstate bridges over Vandeventer, Tower Grove and the Union Pacific Railroad tracks.
- Additional information can be found on their website: modot.org/stlouis

○ David Roither, Associate Circuit Court Judge for the 22nd Judicial Circuit

○ Matt Vianello, Attorney at Jacobson Press & Fields PC

- Described the Missouri Court Plan which does not allow for the election of judges. Instead, this system is based on a merit-selection process. More information can be found at: https://en.wikipedia.org/wiki/Missouri_Plan

Barbara reported she and Debra met with an electrician recommended by Rachel Witt to measure and assess the illumination levels of the "enhanced" LED lighting versus the older lighting in our neighborhood.

Measurements were taken on the north and south sides as well as the middle of the street along 3600-3700 Hartford where the new lights have been installed and then on the 3400 block in Tower Grove East, where the older lights are still in use.

The lighting, measured in foot candles, was highest in the middle of the street on 3600-3700 Hartford, as it was expected to be. However, the brightness of the light there causes pools of darkness between light standards as evidenced by the measurements.

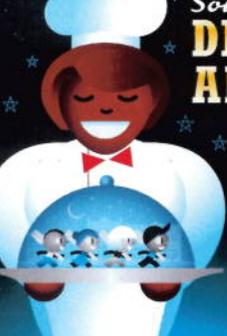

The illumination was poor on the north side sidewalk and even poorer on the south side sidewalk on this street.

The illumination on 3400 Hartford was less bright in the middle of the street but was well-distributed overall, with no pools of darkness, even allowing enough illumination to see the house numbers on the south side from the north side sidewalk.

The electrician stated he could understand our concern for safety since the new lights actually decreased visibility on the sidewalks.

He stated there may be a different globe that could be used to increase visibility without the prohibitively expensive cost of getting new light standards and would research this for us.
